

Initial Teacher Training

Have you ever considered becoming a teacher? Whether you are a recent graduate or you have been working in industry for a number of years, teaching can be a rewarding career with great opportunities for progression. Our school needs high quality teachers in order to develop and fulfil the potential of all our pupils. In order to achieve this, we are keen to nurture and support the teachers of the future.

This is why we are proud to be in partnership with George Abbot SCITT, a highly respected and well-established Accredited Provider of Initial Teacher Training, working in collaboration with a large number of Surrey schools.

You could train here in our school supported by an experienced Mentor on a salaried or unsalaried training placement. Gain on-the-job experience and at the end of the academic year you should be recommended for Qualified Teacher Status (QTS) and if you choose, obtain a PGCE (60 credits at Masters level) awarded in conjunction with Kingston University.

For more information on training through George Abbot SCITT and advice on application, please click on the link below.
